- Nature club activities.

Criterion – VII

7. Innovations and Best Practices

7.1 Innovations introduced during this academic year which have created a positive impact on the functioning of the institution. Give details.

- As per the NAAC Peer Team recommendation in 2005, this year our management has constructed new administrative block for better functioning of the college, the administrative staff and principal office has been shifted in new building.
- Campus became an eco-friendly; the waste Plastic collection at regular interval from Campus is done.
- Yearly planning of different activities, programme and form submission of driving licence for college students is arranged.
- With the help of Alumni students and staff were provided mask for the protection of swine flu during the month of July and August-15.

7.2 Provide the Action Taken Report (ATR) based on the plan of action decided upon at the beginning of the year

- We have planted some trees and we have tried to remove waste plastic from the campus.
- As per our plan the days like teacher's day, National Science Day, Ozone Day, AIDS Awareness Day are celebrated through lectures and programs.
- As per the NAAC peer team recommendations our college management has constructed new academic block and from second session of 2014-15 the Principal's office is shifted to new administrative block.

7.3 Give two Best Practices of the institution (*please see the format in the NAAC Self-study Manuals*)

- As per the Gujarat Government Soil Analysis scheme the soil collected by the Grammitra from different areas of Banaskantha District was analysed by the department of chemistry.
- Under this scheme the students "Earn while you learn". The Goal of this soil analysis is to provide Soil Health Card to farmers and to provide them guidance to use the same for undertaking scientific agricultural approach. In this year we have analysed more than 10,000 samples.
- Self-defence awareness programs for girls like karate, Rifle Shooting, women helpline, special lectures are arranged at police parade ground. Moreover we arrange special driving licence camp with the support of RTO, Palanpur.

7.4 Contribution to environmental awareness / protection

- The Nature Club is working in the college with aims at creating awareness among young learners about the disastrous results of the universal deforestation, population explosion and the consequent pollution and ecological imbalance and to make the young learners aware of the existing biodiversity.
- As a part of environment protection we have rain water harvesting wells in the campus.

7.5 Whether environmental audit was conducted? Yes No

7.6 Any other relevant information the institution wishes to add. (for example SWOT Analysis)

Strength:

The College is situated in the Arravali mountain ranges and major part of the population inhabit in village huts or improvised bamboo shades under this circumstances the nature remains a part of their life. The students are hardworking and obedient. They are ready to take part in any social activity.

Weakness:

Due to the shortage of full time permanent teaching and administrative staff we are unable to conduct some good programme regularly. Ours the educationally backward district that is already notified by the UGC, we have students who are having very low merit. There for to get good results we have a big problem.

Opportunities:

The students are brave, hard worker and obedient some times that is best opportunity for us to use this positivity during any calamity or disaster management program.

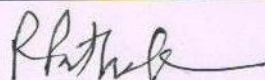

Threat:

Sometimes educational backwardness creates big challenge for any academic institute. Students are of some fixed mind set, to make them free from some negativity is a big task. Due to the lack of industries the employability is very less for our college.

8. Plans of institution for next year

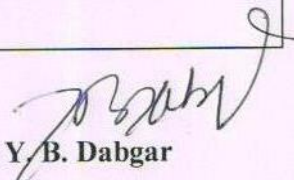

1. The tree plantation on the Campus.
2. Soil Analysis.
3. Field Survey for avian diversity.
4. Science awareness programme with community science centre Palanpur.
5. New PG centres are to be initiated.
6. More and more research activities and conference/ seminar to be organised.
7. Different academic tours for students are to be arranged.
